
PRINTNC V4 KIT

RATING: 0

Work Area

- 625×625mm
- 1275×1275mm
- Custom

Work Area X

1000

Work Area Y

1000

Frame

- No I don't need($0.00)
- Only XY Rollers($29.90)

$29.90

X Gantry Size*

To make our rollers and cnc parts fit, we need exactly X gantry size, it can be 75*75/75*100/101.6*101.6 etc., the larger one will use as height by default. It must be in metric units

Part

- [ ] Fasteners($49.90)
- [ ] Rails($112.26)

Open for order now, estimated shipping time: 4-5 weeks after payment.

Use PRINTNC-BETA coupon code to get 20% OFF.

Join discord to discuss the beta kit.

You can check our bom on Google Doc.

Frame:

Stainless Steel Frame, pre-drilled and tapped

80×50×4mm on X Support / Y Support / XY Rollers

80×80×4mm on X Gantry (For over 900mm work area it would upgrade to 100×80mmx4)

Rails:

Come with preload, every rail QC passed.

BallScrew Set:

Include ballscrew, nut, bearing support, stepper mount.

We use HM10-57 and HM12-57 instead of BK10/BK12 and motor mount.

They are come with C5 angular contact bearing.

HM10-57 need two extra mount holes pre-drilled.

Steppers:

Close-loop steppers, 2.2N.m 98mm length.

Driver: HBS57

CNC Machined Kit:

It includes Z Tram Plate, Z Plate, X RollerAngle, Y RollerBrace, HM12 Raise, BF12 Raiser and rollerplate.

With our cnc machined kit, your printnc motion system should have no printed parts (still need for chain/endstop mount etc.)

Misc Hardware:

Cable Chain 25×57mm, R75

Electronic:

Electrical cabinet components and wires (except vfd and controller) – See BOM for full list.

- [ ] BallScrews Set($289.71)
- [ ] Misc Hardware($19.90)
- [ ] Close-loop NEMA23 Steppers x4 With Drivers ($169.00)
- [ ] CNC Machined Parts Kit($199.00)

$839.77

Electronic Kit

*Wire will follow https://wiki.printnc.info/en/v3/wiring, stepper drivers and VFD will install in the cabinet (if ordered)

- ( ) Only Parts Together($199.00)
- ( ) Electrical Cabinet And Wired($299.00)
- ( ) No I don't need($0.00)

$199.00

Stepper Cable Addon

It has 2m power / encoder cable by default, if you are making bigger machine may not enough, select this we will extend it to fit your machine.

- [ ] Extend Stepper Cable($14.90)

$0.00

Spindle

- [ ] ER20 220V 2.2kw 24k rpm Water Cool Spindle ($159.00)
- [ ] HY 2.2KW VFD($99.90)
- [ ] Water Cool Set($69.90)
- [ ] Pre-made Spindle Cable($18.73)

$347.53

If you select “Electrical Cabinet And Wired” option, you would get a cabinet with everything installed and wired.

It doesn’t include controller so far.

Spindle Option

dustproof for dry cutting including alcohol mist, and waterproof for flood cooling or water bath for pcb/cf

- ◯ Waterproof
- ◯ Dustproof

Addon

5 AA collect and 5 AAA collect,10 ER20A Nut, For detail please check bom

- ☐ ER20 Collect Set($59.90)
- ☐ Tool Setter($39.90)
- ☐ 3D Probe V6($59.90)

$159.70
